daudré-vignier designs froelicher high school in sissonne, france

cafeteria interior overlooking courtyard

'froelicher' takes advantage of surrounding topography, and makes a stand between obviousness and subtlety. **its size and waved form melts into the landscape, adopting the land's natural form.** expressive masses, accompanied by a palette of natural materials, merges seamlessly with the environment to become a dynamic educational ensemble.

main entrance

double-height area

designboom has received this project from our *DIY submissions* feature, where we welcome our readers to submit their own work for publication. see more project submissions from our readers [here](#).
